1. Relating to Emergency Management
Resolution R-2020-10

Non Public Session
Adjournment

A regular meeting of the Keene City Council was held Thursday, March 19, 2020. The Honorable Mayor George S. Hansel called the meeting to order at 7:00 PM. The Mayor recognized the City Attorney to advise the Council on the State Law relative to electronic participation.

The City Attorney stated that under the NH Right to Know Law, RSA 91-a:2, III (b), a public body such as the City Council is authorized to meet by electronic means without a quorum of the public body being physically present at the location of the meeting in the event of an emergency as determined by the Chair and under circumstances where immediate action is imperative and the physical presence of a quorum is not reasonably practical within the period of time requiring action.

The Attorney continued that in a memorandum issued March 16, 2020, from Governor Sununu and Attorney General MacDonald regarding compliance with RSA 91-A, in light of the COVID-19 Virus, the Mayor may determine that an emergency exists because the body needs to conduct its regular meeting to continue to move business forward, but that enough City Council members are at sufficiently high risk for purposes of the COVID-19 Virus to be able to attend the meeting so that the physical presence of a quorum is not practical. Continuing on, the Attorney stated the Mayor make may a determination that an emergency meeting of a quorum of the body by electronic means is justified and necessary based on the following facts:

- 9 members of the City Council are in a category defined as at high risk to the COVID-19 Virus, and it is not reasonably practical to expose them to that risk;
- The Governor's Declaration of Emergency and Executive Order 2020-04, dated March 13, 2020, and Memorandum on Compliance with the Right to Know Law dated March 16, 2020, permits and encourages governmental bodies to conduct regular public meetings on an emergency basis using electronic communications to continue to move the business of the City forward;
- The matters to be considered at the meeting are necessary to the continued operation of the City and to the continued safety and welfare of its residents and businesses;
- Transparency and public participation are preserved by providing continued public access to the City Council Chambers meeting room during meetings, and providing that all statements, motions or discussion by the City Council shall be audible to all the members and to the public.

In response, the Mayor declared that an emergency exist under RSA 91:A:2, III(b) and that the requirement for a quorum of the City Council to be physically present in the room is waived. The Mayor stated that while these are unprecedented times, it is in preparation for exactly these circumstances that we and importantly previous City Councilors, Mayors, and City Managers have prepared for. We have taken so much care to hire the right people for just these types of circumstances. This is why we voted to properly fund and support our robust City infrastructure

and assets. This is why we support our front line responders, such as police and fire, with equipment and training they needed.

The Mayor stated that before we get too far into it, he urged everyone to take a deep breath and expressed his gratitude to everybody in the community stepping up and rising to the occasion. This includes City staff and Councilors, small and large businesses, non-profit organizations and those who are practicing good hygiene and proper social distancing. As challenging as these circumstances are, he is encouraged by all examples of kindness, volunteerism, and comforting words that were displayed on social media and throughout the community. Small businesses are sharing best practices for curbside pick-up. Larger businesses are donating their spare 95N masks to the hospital. Neighbors are checking in on elderly or vulnerable neighbors to ensure that they have everything they may need to be comfortable at home. These are hopeful stories that were not expected in the community, but are appreciated and are necessary now more than ever.

The Mayor had further information on the technology that will be used for all public meetings. Until further notice, Councilors are strongly encouraged to use Webex video conferencing to participate in Council meetings and Standing Committee meetings. The public is still encouraged to watch via the City's website or on cable channel 1302 and 1303. This technology is well proven and should allow us to interact, deliberate, vote and eventually hear live public testimony. The Mayor asked for everybody's patience while we get accustomed to using this new method to conduct business.

The Mayor announced the Councilors are participating on-line and a roll call will be required for every vote. As the Clerk calls the roll, the Mayor asked that each Councilor identify their on-line presence and if there are others in the room, please identify their relationship. Roll called: Stephen L. Hooper present with his spouse, Michael J. Remy, Janis O. Manwaring, Michael Giacomo, Randy L. Filiault, Robert C. Williams, Philip M. Jones, Gladys Johnsen, Raleigh C. Ormerod, Bettina A. Chadbourne, Catherine I. Workman, Mitchell H. Greenwald, Kate M. Bosley and Thomas F. Powers were present. Councilor Terry M. Clark was absent from on-line meeting. The Mayor led the Pledge of Allegiance. A motion by Powers to accept the minutes from the February 20, 2020 regular meeting was duly seconded by Councilor Bosley. The motion passed on a roll call vote with 14 Councilors present and voting in favor. Councilor Clark was absent.

CITY MANAGER COMMENTS

The City Manager began her comments regarding the COVID-19 pandemic. She advised that the City continues to have a measured approach by making the necessary adjustments as the situation evolves. She added the staff utilizes the most recent information from the State through our participation in re-occurring conference calls and the City adjusts our plans accordingly.

On March 16, 2020 - timed with the closure of our schools - the City also closed both the Recreation Center and Library buildings through April 6, 2020, which is the same period the Governor ordered for closure of all schools in New Hampshire.

On March 18, 2020, after community transmission (person to person transmission) of COVID-19 began occurring in other areas of our State and following the announcement, by the Keene State College President of the first positive COVID-19 test tied to the community. We began limiting access to the remaining City facilities, requesting instead that people call ahead for an appointment. There is a phone directory on the City's website with numbers for our various departments. We are asking people to use our online services whenever possible. All of the City Departments remain staffed and operating. We have adjusted our internal meetings to comply with social distancing recommendations. The Department Head meetings have been moved to this same virtual format used in this meeting. Holding only much smaller meetings with staff in the third floor conference and all meetings with a member of the public on the second floor.

In response to this change, the Library created a curbside pickup service. The public can order a book or video online or can call in during regular hours and then pick up curbside. She continued the City departments are finding more ways to engage virtually, for instance, our Recreation Department is sending weekly challenges to our Catch Program, which is an after school program. They are sending out links for the participants to play and engage online.

The City is encouraging residents to use our online services where possible: The City is also encouraging use of our trail system. There is a section on Parks & Trails on our website, which displays an interactive Parks & Trails maps. This tool identifies on an interactive map with photos locations of our open spaces, trails, and playgrounds.

We will continue to provide information to the public through the local media outlets and the City's social media accounts, which share the Mayor's messages and updates as well.

The Manager continued this has been a trying time for everyone, filled with uncertainty. Our City staff has really stepped up and come together to help one another and the public. They have been thoughtful, flexible, and compassionate.

Our emergency management team (Kurt Blomquist (EMD), Fire Chief Mark Howard, Health Officer John Rogers, and Police Chief Steve Russo) as well as the Charter Officers and the rest of our Department Head team has been phenomenal. Putting in long days and sometimes nights, including the weekends navigating these challenging times.

The employees in all departments have been willing to pitch in wherever needed. One example, a parking enforcement officer is working in the Revenue Collector's office assisting with appointments and answering questions. We are very fortunate to have such a great team.

Patricia C. Cuth

City Clerk

TO : City of Keene, New Hampshire

The Farmers Market of Keene respectfully requests the continual use of the Gilbo Ave parking spaces previously used for the last few years.

We would like to begin on Saturday April 25 and continue to use on Saturdays until the end of October from 9 AM to 1 pm hours of operation. Tuesdays from May 5th until the end of October. With a slight adjustment in operating hours of 3 pm to 6 pm instead of the previous year 4 pm to 7 pm.

We have truly appreciated the use of this space on city property and would like to continue this collaboration with the city of Keene.

We would like to investigate the possibility of reduction of fee and/or the possibility of some grace parking for customers in particular on Saturday markets.

Sincerely,

Farmers Market of Keene

ITEM: K.1.
SUBJECT: Relating to Emergency Management

COUNCIL ACTION:

In City Council April 2, 2020.

Voted unanimously to suspend the Rules of Order to act upon the Resolution.

RECOMMENDATION:

That the City Council move to suspend Section 35 of the City Council Rules of Order to consider and act upon Resolution R-2020-10 relating to Emergency Management.

ATTACHMENTS:

Description

Resolution R-2020-10-A

BACKGROUND:

The recent Declaration by the Governor of a State of Emergency related to the COVID-19 crisis has prompted a general review of emergency management procedures, policies and requirements for the City to properly manage any emergency. This includes providing the authority to the City Manager to expend funds as may be necessary to confront and to remediate the current State of Emergency, and any emergency that may be declared by the City Manager in accordance with City Code section 30-59. The attached Resolution is intended to provide the City Manager with the necessary flexibility to expend funds, including unexpended personnel funds, for this purpose.

CITY OF KEENE

R-2020-10-A

In the Year of Our Lord Two Thousand andTwenty.....

A RESOLUTIONRelated to Emergency Management.....

Resolved by the City Council of the City of Keene, as follows:

WHEREAS: The City Council adopted Resolution R-94-32, Relating to City of Keene Budgetary Policies, which further clarified Resolution R-94-9-a; and

WHEREAS: Paragraph 2, of Resolution R-94-32, states "Any unexpended funds in a personnel line can not [sic] be expended without prior approval from the City Manager and the City Council; unless funds are being expended to fill the vacancy, recruiting, or to employ temporary help."

WHEREAS: Upon review of Resolutions R-94-32, the City Council wishes to further revise said Resolution to include that any unexpended funds needed for necessary expenditures to meet an emergency as determined by the City Manager in accordance with City Council Code section 30-59, may be used to the fullest extent possible without prior approval of the City Council.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Keene that Paragraph 2 of Resolution R-94-32, be amended as follows:

That the City Manager be, and hereby is, authorized during a time of emergency as determined by the City Manager in accordance with City Code section 30-59, to expend funds as may be necessary and prudent to confront and remediate the emergency, including the expenditure of unexpended personnel funds for such purpose and as may be determined by the City Manager, without the prior approval of the City Council.

Provided, however, that the City Manager shall provide an accounting of the expenditure of the funds to the City Council as soon as reasonably possible under the circumstances of the Emergency. And provided further that this Resolution shall be rescinded when the current COVID-19 State of Emergency is declared to be ended by the Governor.
