

Keene's Light Up the City Tour

Vote for your favorite house displays!

**Tour Routes
On Back!**

Route A - 34 minutes (17 houses) West Keene

Leg 1

Leg 2

*Our tour routes are designed to work with google maps. Download the app! The light tour is divided into 2 routes this year. We've listed the approximate time and number of houses next to each route so you can choose your own adventure! Each route is defaulted to begin at the Rec Center. If you are starting the route from somewhere else, you will need to change the Rec Center's location to your location when beginning the tour. Each route has 2 legs. To begin the route, scan the Leg 1 QR code and google maps will take you through the first set of addresses (be sure to hit continue as you arrive at each stop). Once you've reached the last stop of Leg 1, scan the Leg 2 QR code to view the next set of houses! We hope you enjoy the tour!

Route B - 40 minutes (15 houses) Downtown/East Keene

Leg 1

Leg 2
