### Proper Care and Use of the Mobile Hotspot

1. As with any electronic device, do not leave the Mobile Hotspot in a hot vehicle for an extended period.
2. Do not remove the sim card for any reason.
3. If the Mobile Hotspot prompts you to update its software, you may accept. The software update should only take a few minutes.
4. Do not leave the Mobile Hotspot plugged in. Once it is fully charged, unplug it and let the battery run down before charging again. Please return the Mobile Hotspot fully charged.
5. When returning a Mobile Hotspot, please do not use the book drop; return the Mobile Hotspot in-person to a library staff member at the circulation desk.
