Re: 2024 Keene Pride

3/5/25

Dear Honorable Mayor Jay Kahn and City Council Members,

After the incredible success of Keene Pride Fest., we would like to continue the annual tradition for 2025. Keene Pride Week will take place between 9/13/25 and 9/21/25. We are requesting use of city property on Sunday 9/21/24 for Keene Pride Fest.

The week-long pride event will culminate on Sunday September 21, 2025 with a “block party” from 12pm – 7pm which will include entertainment, food, and local vendors. For this day, we request from the City:

- Close the street surrounding Central Square
- Close Roxbury Street from Central Square to the Green Energy Solutions building
- Close Main Street from Railroad Square to Central Square
- Close Railroad Street from Main Street to Wells Street
- Reserve the use of Railroad Square for festival use
- Request proper barriers from Public Works Department to provide adequate safety
- Request use of City Power/Electricity
- Request the support of Police and Fire
- Request City Water in the event that vendors require

We believe this will be a highly desirable attraction that will bring tourism to local businesses. We plan on marketing this event to the Monadnock Community and beyond. We also plan to leverage the beauty of the fall foliage season in conjunction with the event to draw more people.

As required, we will provide a \$1 Million certificate of insurance to the City, and work closely with City staff to ensure this event is safe and enjoyable for all.

We would like to stress that this is intended to be a family friendly event. Our intention is to reach out to local schools to be involved with helping to decorate and plan. The primary purpose of Pride is to celebrate diversity, bring awareness and support our LGBTQIA+ community; however, ALL are welcome and encouraged to attend.

City of Keene Clerk's Office
3 Washington Street

To the Honorable Mayor and City Council,

Large scale fireworks displays have become increasingly frequent in recent years and I am concerned that they are having a detrimental effect on the environment and on the quality of life in adjacent neighborhoods.

Fireworks are fun, but they are fun as an occasional treat. As they become more common, so too does concern about the problems they bring along with them. These problems include the cumulative effect of noise, air, and water pollution on local habitat, the disturbance caused to wild and domestic animals, including birds, bats, horses, and dogs, and the adverse impact that fireworks can have on people with conditions affected by sensory input, like autism or post-traumatic stress disorder (PTSD).

Thus, I am asking the City Council and City Staff to develop policy guidelines for the issuance of future fireworks display permits. Among other guidelines, I ask that we place a limit on the number of fireworks displays to be authorized in any single location during a calendar year.

Sincerely,

CITY OF KEENE NEW HAMPSHIRE

Meeting Date: April 9, 2025
To: Planning, Licenses and Development Committee
From: Terri Hood, Deputy City Clerk
Through: Patricia Little, City Clerk
Subject: **Withdrawal: Ordinance O-2024-18 - Relating to Licenses and Permits**

Recommendation:

That proposed Ordinance O-2024-18 Relating to Licenses and Permits be withdrawn.

Attachments:

None

Background:

On October 17, 2024, an Ordinance was introduced that would incorporate language into Chapter 46 of the Code relating to non-issuance of licenses for uses on the Downtown City right-of-way during large-scale construction projects. This amendment was proposed as a means to give the Public Works Director authority to direct the Clerk's Office relative to the issuance of licenses during the upcoming Downtown Infrastructure Project. At the November 13, 2024 Planning, Licenses and Development Committee meeting, staff members were asked to consider alternative options for ensuring safety during the construction while also allowing licensees to continue their operations.

A meeting was held with licensees on April 7, 2025, where the Public Works Department provided an overview of the Downtown Construction Project, and what to anticipate within the construction zone. Staff also discussed some proposed restrictions on the use of licensed areas while active construction is happening, including restricting outdoor dining within the "Active Construction Area" (ACA), the anticipated time period that a licensee could expect their area to be unusable during active construction (anticipated to be a minimum of 3 weeks), and how much advance notice could be built in to notify licensees of pending construction in their area (seven days notice is anticipated). Licensees were also advised that they would be responsible for removing all permitted furnishings, fences, lighting, etc. no later than 6:00 AM on the morning of a notified change in ACA. Seven licensees were in attendance at this meeting, along with the City Manager, Public Works Director, City Engineer, and the Deputy City Clerk.

At this time, City staff are requesting that Ordinance O-2024-18 be withdrawn, with the understanding that staff will continue its outreach to licensees over the next several months to ensure they are advised of this information and have an opportunity to provide input.

WHEREAS, on December 21, 2017 the City Council adopted RSA 79-E within certain districts located within the City as defined in R-2017-41; and

B. For purposes of administering a RSA 79-E program within Keene, the City Council shall ensure that the proposed substantial rehabilitation provides one or more of the following public benefits, or that the proposed replacement provides one or more of the public benefits to a greater degree than would substantial rehabilitation of the same qualifying structure:

- I. It enhances the economic vitality of downtown areas;
- II. It enhances and improves a structure that is culturally or historically important on a local, regional, state, or national level, either independently or within the context of an historic district, town center, or village center in which the building is located;
- III. It promotes the preservation and reuse of existing building stock throughout a municipality by the rehabilitation of historic structures, thereby conserving the embodied energy in accordance with energy efficiency guidelines established by the U.S. Secretary of the Interior’s Standards for Rehabilitation;
- IV. It promotes efficient design, safety, and a greater sense of community in a manner consistent with the Keene Comprehensive Master Plan;
- V. It will add to the City’s employment base by creating at least one new, full-time job in Keene’s downtown area;

- VIII. It maintains owner occupancy of a residential building or it returns a residential building to owner occupancy;
- IX. It results in an increase in energy sustainability in conformance with the City adopted greenhouse gas initiatives as determined by a home energy score of at least six (6), and demonstrated carbon emission reduction of at least 10%.

C. “Substantial Rehabilitation” shall mean rehabilitation of a qualifying structure which costs at least \$75,000 and, in certain cases, replacement of a qualifying structure which costs at least \$75,000;

D. “Tax Relief Period” shall mean that for a period of up to five (5) years the property tax on a qualifying structure shall not increase as a result of the substantial rehabilitation or reconstruction thereof, beginning only upon completion of substantial rehabilitation or, in the case of a replacement structure, upon completion of its construction;

In accordance with RSA 79-E:5, the duration of the tax relief period for applications filed in Keene shall be considered in the context of each specific application and shall only provide that level of tax relief necessary in the discretion of the City Council to effectuate the specific targeted public benefit(s) outlined as determined by the City Council. By way of example, a qualifying project that is deemed by the City Council to provide one or two of the public benefits listed above

may be granted a tax relief period of up to two years, and a qualifying project that provides three or more public benefits may be granted a tax relief period of up to five years; provided, however, that in determining what, if any, tax relief duration to provide, the City Council may consider the impact the proposed substantial rehabilitation will have on existing, or required, City infrastructure.

A. Document the proposed public benefit(s) at the time of the application for tax relief under the Keene RSA 79-E program; and

D. Grant to the City a lien against the property for the purpose of ensuring proper restoration or demolition of damaged structures and property; and

E. Maintain the property as taxable, regardless of whether the property owner is otherwise subject to property taxes under RSA Chapter 72; and

BE IT FURTHER RESOLVED that if the Covenant is terminated for any reason, the City shall assess all current and arrears taxes, with interest, to the property owner as though no tax relief was granted in accordance with RSA 79-E:9,II; and

BE IT FURTHER RESOLVED that the City Manager or her or his designee, is hereby authorized to execute all documents and undertake all actions as may be required to implement this resolution.

This resolution shall take effect upon approval by City Council.
